

The modern alternative to **E-Paper.**

Stop replicating paper. Start publishing digitally.

Satzlicht automatically turns your existing editions into modern digital publications – optimised for every device, with no new editorial processes.

The problem Your readers have changed. Traditional E-Paper hasn't.

- ✗ Pinch & zoom instead of comfortable reading
- ✗ Practically invisible to search engines
- ✗ Tiny text on mobile
- ✗ Weak accessibility, PDF thinking instead of an experience

What you gain Native digital publishing.

- ✓ **Comfortable reading**
On phone, tablet and desktop. No zooming, no tiny text.
- ✓ **Reach more people**
Accessible publications everyone can read – measurably more reach.
- ✓ **Be found**
Pages become searchable content that search engines index.
- ✓ **Live in minutes**
A finished edition becomes a finished digital publication in minutes.
- ✓ **Your processes stay**
No new editorial process. Keep producing the way you do today.
- ✓ **Native apps included**
iOS & Android apps – included from the web edition.

TRADITIONAL E-PAPER

PDF → reader zooms → gets frustrated → leaves

— THE SATZLICHT EXPERIENCE

Every edition is enriched automatically.

AI

In a nutshell

Every article opens with clear bullet points – the essentials in seconds.

AI

Relevant recommendations

Related articles after each piece – drawing readers deeper into the edition.

ACCESSIBLE

Plain language

At the tap of a button, rephrased in short, easy sentences – more reach.

AI SEARCH

Ask the edition

Ask in your own words; the answer comes only from the edition – with sources.

AI

Series & storylines

Related articles are detected as a series and linked on a timeline.

AUDIO

Read aloud

Every piece in a natural voice, optionally cloned to your brand voice.

It looks like your title – not like a template.

The look and feel adapts completely to your brand: your logo, your house colours, your typefaces. Readers recognise their paper instantly.
